CAPO'S is setup in true old Vegas fashion, with a cleverly disguised door, for those resourceful enough to get inside. The luxurious old style setting will transport you to another era. The posh dining room is inviting and comfortable. A live band sets the mood as you sit down to traditional Italian favorites with a lavish twist. Owner Nico Santucci has added his own unique touch to each dish.

Donations are welcomed to help with the General Election campaign, but are not required. This mixer includes complimentary Italian appetizers and 2 for one bar drinks.
